

Temporary Service Adapter for 4/0 Cable

Designed for one, two, or three cables - size 4/0

Model 1800-TSA-4/0

This special adapter will safely connect either one or two number 4/0 cables to the line side jaws of a meter socket. A 4/0 neutral may also be connected. Plugs are provided for the unused cable entrance holes.

The adapter may be used as either a source or load device by lifting the existing service cables from the socket lugs.

Adapter Specifications.

- Patented jaw for 200 Amp continuous duty.
- All components UL LISTED or UL Recognized.
- Weatherproof 6 X 8 X 5 inch deep enclosure.
- Marwell 4-Bolt 1.5" x 2" non-metallic coupler.
- Sealable and Lockable cover.
- Supplied with two non-metallic tamper resistant plugs to close the unused cable entrance holes.
